NARRATIVE**

For Period Ending: 10/31/2011

Please provide a brief description of any significant business and legal actions taken by the debtor, its creditors, or the court during the reporting period, any unusual or non-recurring accounting transactions that are reported in the financial statements, and any significant changes in the financial condition of the debtor which have occurred subsequent to the report date.

Castle Arch Real Estate Investment Company, LLC receives management fee income via CAOP Managers, LLC as a pass-through entity. CAOP Managers, LLC is owned 100% by Castle Arch Real Estate Investment Company, LLC. The two entities are combined for tax purposes and historically all transactions have bypassed CAOP Managers, LLC as it would be redundant, counter productive and would have resulted in unnecessary costs to have recorded the same transaction twice. While CAOP Managers holds the operating and management contracts with Castle Arch Opportunity Partners, I & II, Castle Arch Real Estate Investment Company wholly owns, operates and consolidates CAOP Managers into its operation. CAOP II does not have any payroll, rent or other general administrative expense. Instead its administrative expense is included in its management fee paid to CAREIC.

STATEMENT GUIDE

TD Ameritrade provides monthly Portfolio Reports for accounts with activity and quarterly reports for inactive accounts with assets.

Portfolio Summary: Tracks the current value of your portfolio as of the report date and compares it to the prior month. The asset allocation indicates your portfolio diversification by investment type.

Multiple allocations under 5% will be grouped into the category of "Other" in the pie chart. Margin Equity = Total Account Equity (Total Long Marketable Value + Total Short Value)

Activity Summary: The opening and closing cash balances are reconciled here for each month. All account activity is summarized for the current period and year-to-date.

Income & Expense Summary (non-IRAs only): This section details the income and expense totals from the Activity Summary and classifies the tax treatment.

Retirement Account Summary (IRAs only): Review the IRS regulated transactions for the current and prior years. IRS Form 5498 fair market value is based on the current value as of December 31 of the previous year and will be furnished to the Internal Revenue Service.

Performance Summary: Monitor your annual portfolio performance and the unrealized gains and losses for your future investment strategy.

Account Positions: View your investments at the current market value and compare the original cost to see unrealized gains and losses in your portfolio. Original cost is assigned using the first-in, first-out (FIFO) method, which assumes the first shares you sell are those you purchased first. The estimated investment income* and average cost per share are displayed for your reference (the oldest purchase date is shown for an indication of your holding period).

Account Activity: All account activity is clearly defined, listed in date order, and placed in the closing cash balance.

Orders Pending Settlement: Confirm your executed trades with a settlement date later month end. These transactions will be reflected in the Account Activity section next month.

Cash Services Transaction Detail: Cash management transactions that cleared during this statement reporting period, including check, debit card and ATM activity, are listed in date order.

Online Cash Services Summary: Credit and debit transaction totals for the current statement reporting period are summarized. Individual transactions are not listed.

Due to rounding adjustments, the statement details may not equal the statement totals. Estimated Annual Income and Estimated Annual Yield values are based upon the number of shares owned or current value balance as of the statement date and the most recent dividend rate or cash yield provided.

GENERAL INFORMATION

TD Ameritrade does not provide legal or tax advice. Please consult your legal advisor or tax accountant when necessary. As a standard industry practice, phone conversations may be recorded for quality control and transaction verification purposes.

For TD Ameritrade Institutional clients, your advisor firm is separate from and not affiliated with TD Ameritrade, Inc. or TD Ameritrade Clearing, Inc., and each firm is not responsible for the products and services of the other.

Accuracy of Reports: If you find any errors or omissions in your account statement you should immediately call us at the number listed on page one of your statement. You should also contact our Clearing firm, TD Ameritrade Clearing, Inc. at 402-970-7724.

Please review this statement carefully. If you disagree with any transaction, or if there are any errors or omissions, please notify a Client Services representative or your local branch office, as well as TD Ameritrade Clearing, Inc. in writing within ten (10) days of your receipt of this statement. Any oral statements that you have made to us should be confirmed in writing. The statement will otherwise be considered conclusive.

Please notify us promptly of any changes in your contact information. Transactions reflected on your report will be conclusively deemed accurate unless you notify TD Ameritrade immediately.

Account Protection: Deposits held by TD Bank, N.A. and TD Bank USA, N.A. are insured by the FDIC (not covered by SIPC) up to \$250,000. Limits are per account ownership per institution. To learn more about FDIC coverage go to www.fdic.gov. Securities, including mutual funds, held in your Brokerage Account are not deposits or obligations of, or guaranteed by, any bank, are not FDIC-insured, and involve investment risks, including possible loss of principal. TD Ameritrade, Inc. is a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Explanatory brochure available on request at www.sipc.org. TD Ameritrade also provides \$149.5 million worth of protection for each client through supplemental coverage provided by London Insurers. The \$149.5 million of coverage includes an additional \$500,000 limit on cash in the account. Each client is limited to a combined return of \$150 million from a Trustee, SIPC or London. The TD Ameritrade Insurance Policy does have an aggregate total coverage of \$250 million over all customers. This policy provides you coverage against theft following brokerage insolvency and does not protect against loss in market value of the securities.

An investment in a money market fund is not insured or guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although the funds seek to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in a money market fund. Dividends are declared daily and reinvested monthly. The prospectus contains this and other important information. Read the prospectus carefully before investing. Non-deposit investments held by your broker-dealer are NOT FDIC INSURED / NOT BANK GUARANTEED / MAY LOSE VALUE.

Tax Reporting: The portfolio report is not a tax document. You will receive Form 1089 for annual tax reporting in compliance with IRS requirements (includes taxable interest, dividends, capital gains, taxes withheld, and sales proceeds). Some payments are subject to recalculation which will be reflected on subsequent tax reports.

Cost Basis: Cost-basis tax lot and performance reporting and Gainstepper are offered and concluded by CCH INCORPORATED. TD Ameritrade is not responsible for the reliability or suitability of the information. TD Ameritrade and its information providers ("Providers") do not guarantee the accuracy of the information and data provided. CCH INCORPORATED is a separate company and is not affiliated with TD Ameritrade.

Margin and Options Account Agreements: Promptly advise TD Ameritrade in writing of any change in your investment objectives or financial situation as they pertain to your margin or options account agreements. A summary of commissions and charges incurred with the execution of options transactions is available.

Current Market Prices: The market values of securities have been obtained, if available, from quotation services and other independent sources. Values are based on the closing price, the mean between the bid and ask prices, or other methods. Non-priced securities are indicated by "N/A" and may affect statement balances and totals. The valuations on your portfolio report are provided as general information and we do not guarantee the accuracy of any securities prices. Limited Partnerships and non-traded Real Estate Investment Trusts are generally illiquid and have no public markets; annual valuations are obtained from a third party or the general partner. Mortgage backed positions are valued using the remaining balance and two current market price. Portfolio report valuations may not represent sales proceeds. The secondary market for Certificates of Deposits (CDs) is generally illiquid and the actual value may be different from the purchase price. A significant loss of principal may result from the sale of a CD prior to maturity. Bonds and/or Fixed Income Securities trade differently than equity securities and do not trade on a liquid exchange. Rather, they trade on the OTC (over the counter) market and sufficient liquidity may not exist for you to sell your position prior to maturity. The sale of bonds prior to maturity may result in a loss of principal.

Non Standard Assets (NSAs) are typically investments in direct participation program securities (partnerships), limited liability companies, or real estate investment trusts) commonly pool, private equity, private debt or hedge funds. NSAs are typically illiquid investments and do not trade on a national securities exchange or the Nasdaq Stock Market. The values shown for these investments are estimated values derived from various methods, but not limited to, independent appraisals, the program's net assets, and/or third party tender offers that have been provided by the management, administrator, and/or sponsor of each program, or by a third-party vendor without independent verification by TD Ameritrade. The values may represent an estimated value of the investor's participation in the program, as of a date no greater than 18 months prior to the date of this statement and they may not reflect the original purchase price, actual market value or be realized upon liquidation. If an estimated value is not

provided, valuation information was not available at the time of the issuance of the statement. For additional detail regarding valuation for Non-Standard Assets, please contact Client Services. These investments are not covered under the SIPC.

Auction Rate Securities ("ARS") Pricing: The market values for ARS securities have been obtained, if available, from quotation services or other independent sources. The accuracy of the pricing is not guaranteed. If a market value is not available, TD Ameritrade will price the ARS position, taking into consideration both the liquidity and underlying credit quality. The ARS market is currently experiencing a lack of liquidity and as a result, there can be no assurance that such securities can be sold under current market conditions.
